Bodega

Cinco Casas

Bodegas Cinco Casas is situated in the hamlet of the same name. While being a winery founded back in 1919 and which preserves many of the old features, it has been subject to extensive investments in the latest technologies and equipment.

Cinco Casas lies within the Denomination of Origin La Mancha, the largest wine-producing region in the world. The area lives and breathes the culture of wine which is reflected in its customs, its fiestas and its literature, foremost by Miguel de Cervantes himself.

But tradition has accepted innovation such that old skills have been used to successfully introduce varietals to the region. Alongside the native Tempranillo, Macabeo and Airén, varietals such as Syrah, Merlot and Verdejo have acclimatized perfectly to the characteristics of this area with its high altitude, extreme climate and soils which are fundamental to the quality of the grape.

SANTA ELENA RED
(D.O. LA MANCHA)

Winemaking: Red wine produced from Tempranillo grapes from our own vineyards. The grapes are picked at an optimum maturity level. Fermentation takes place in stainless steel vessels under controlled temperature processes.

Tasting notes: Cherry red colour with violet hues. Intensely fruity with ripe red-fruit and blackberry aromas. Delicate and elegant. Full-bodied and balanced in the mouth with a fresh mouth-feel. Its characteristics are emphasised by gentle tannins.

Serving advice: We recommend serving with cheese and tapas, cold meats and appetizers as well as with light meat dishes.

Serving Temperature: 12-16°C.

SANTA ELENA WHITE (D.O. LA MANCHA)

Winemaking: White wine produced with grapes from our own vineyards. The musts are cleared before fermenting in stainless steel vessels at low temperature.

Tasting notes: A fresh and fruity wine, pale yellow in colour with subtle green hues. Intense tropical fruit aromas. Balanced and persistent in the mouth, with a pleasant final acidity.

Serving advice: We recommend serving with fish, seafood and desserts.

Serving temperature: Best served at 7-9°C.

**SANTA ELENA ROSE
(D.O. LA MANCHA)**

Winemaking: *Produced exclusively from selected grapes. For the Rose it is necessary to limit the pigmentation with only the drain by gravity. After a light crushing and cold maceration the must goes through a vessel at 17°C where its alcoholic fermentation begins. This method ensures obtaining the maximum varietal aromas from the grapes.*

Tasting notes: *Pale pink with purple hues. Powerful and pleasant. Fruity and floral aromas with subtle raspberry and strawberry candy notes. Bright and delicate. Fresh yet full mouth-feel with a very well-balanced palate.*

Serving advice: *Best served at 10-12°C with rice, fish, pasta and roasted poultry provided it is not too spicy.*
