Winemaking: Produced exclusively from selected grapes. For the Rose it is necessary to limit the pigmentation with only the drain by gravity. After a light crushing and cold maceration the must goes through a vessel at 17°C where its alcoholic fermentation begins. This method ensures obtaining the maximum varietal aromas from the grapes.

Tasting notes: Pale pink with purple hues. Powerful and pleasant. Fruity and floral aromas with subtle raspberry and strawberry candy notes. Bright and delicate. Fresh yet full mouth-feel with a very well-balanced palate.

Serving advice: Best served at 10-12°C with rice, fish, pasta and roasted poultry provided it is not too spicy.
